The most dependable van in the market just keeps on getting better. Now, the versatile van is offered to business-minded people who look for more practicality and durability. An efficient Mitsubishi Air Conditioning system effectively cools the cabin on hot summer days. The power steering makes a large van like the L-300 as maneuverable as a small sedan. Dual sliding doors with large openings make ingress and egress easier. Its powerplant, the 2.5 liter 4D56 Diesel engine, its drivetrain, and suspension design are proven and well matched to Philippine road conditions. And with Mitsubishi's extensive dealer network and parts availability, the L-300 Versa Van simply edges out the competition.
